

# MEN'S SPRING ACCESSORIES

## *Cinch Your Style in Accessories*

- A textured bold color billfold or money clip makes a statement.
- Nothing says fashionable like a stylish statement watch. Choose a watch face in greens or blues or a bold leather or fabric strap in spring's colors.

## *Dressed to Kill in Stylish Spring Layers*

- Light color leather jackets to nylon bomber jackets in spring's neutrals or an anorak jacket elevate any spring outfit cinching you in style.
- Spring into style wearing this season's denim in white, light gray, or baby blue. Add bold spring sneakers in leather or suede in shades of green, blue, orange or red.

## *Elevated Sophisticated Suiting*

- Be styled to the nines in a fun print pocket square. The bolder the print and color combination, the better.
- Floral ties compliment spring's lighter suit colors and fabrics looking sharp and modern. Print ties enliven a suit with springtime colors and style.
- Slip on a statement making lapel pin, in florals, bumblebee's or other spring-like animals. This grabs the eye with your attention to detail.
