## BELTING

Belting an outfit ties it together giving a finished look. You can & should belt an outfit, regardless of your waist and size. Go outside the box belting dresses, coats, jackets and blouses vs. belting your pants. Shop for: WIDE WAIST BELT, HIP BELT, CHAIN BELT, CLASSIC LEATHER BELT.

## NECKLINES

Something as simple as a neckline has the power to adapt any outfit to fit every occasion. This may be one of the most effective yet underestimated styling tricks around. Deep v-necks, open shirts and crossover front dresses add a subtly sexy twist. More modest necklines such as high-neck silk shirts add a sophisticated element paired with skirts that show your legline.

## TAILORING

A structured or well-tailored outfit instantly elevates your style. Pairing a tailored blouse, pants, skirt, jacket or jeans with more relaxed pieces gives a juxtaposition which creates interest and you don't feel so dressed up. Shop for: TAILORED BLAZER, BLOUSE, JEANS, PANTS or SKIRT.

## ACCESSORIZING

Differentiate an outfit in how you accessorize. Change accessories daily to make outfits look unique. Accessories should represent your personal style & be unique to you. Pair 3 or more accessories to each outfit. Outfit #1- sunglasses, belt, earrings. Outfit #2- belt, necklace, handbag. Outfit #3- scarf, sunglasses, belt. Outfit #4- necklace, bold eyeglasses, handbag.
